

Horizontal position. Rest position

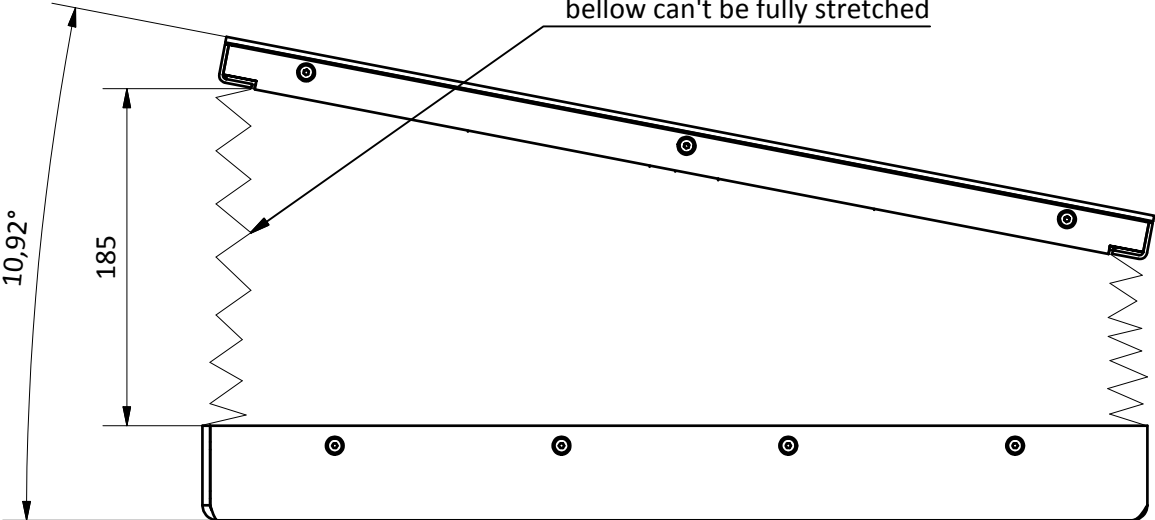

Maximum Rotation Angles

Front view

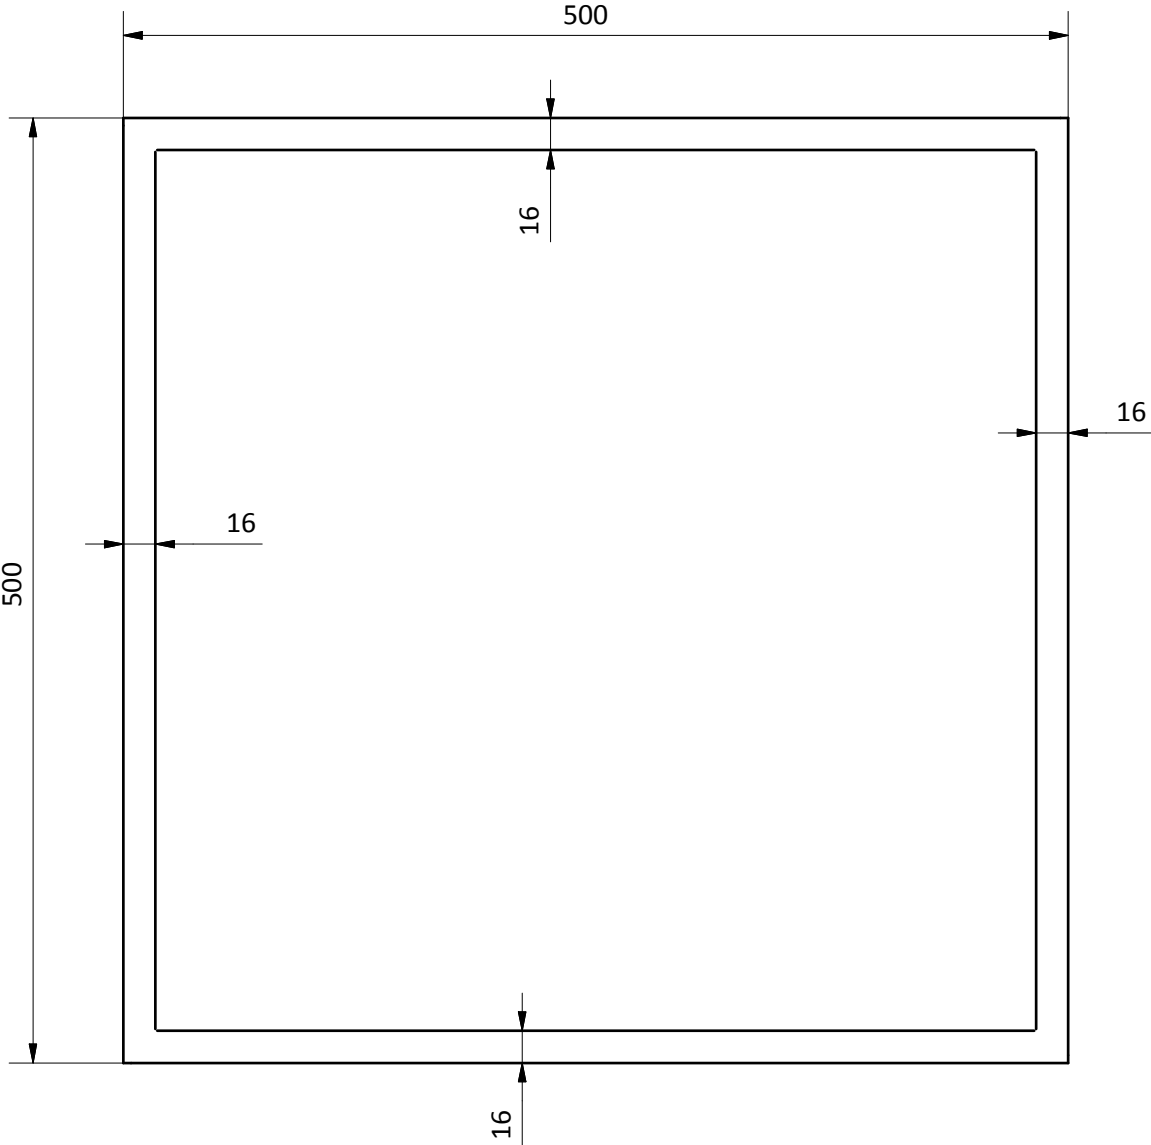

The bellow must arrive at least at this height

In the uppest position the bellow can't be fully stretched

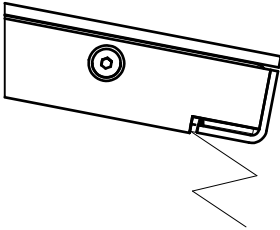

Lateral View

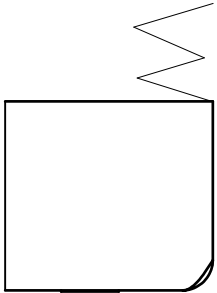

Bellow Up and Down Plastic Flanges Dimensions

Detail of the upper part of the bellow: The bellow must start from the inside to the outside as it is represented in this detail

Detail of the lower part of the bellow: The bellow must start from the outside to the inside as it is represented in this detail
